Clarkseed

Peas, Dwarf Green Pod and Dwarf Wax Pod
Beans and Michigan Grown Radish are F. O. B.
Green Bay, Wisconsin.

All other seeds are F. O. B. Milford, Connecticut,
unless otherwise specified.

TERMS.....

All offerings are subject to prior sale and our
further confirmation on receipt of order.

All containers will be charged extra at cost.

THE EVERETT B. CLARK SEED COMPANY gives no
warranty, express or implied, as to description,
quality, productiveness, or any other matter of any
seeds, bulbs or plants it sends out, and will not be
responsible for the crop.

FOREWORD

PURPOSE

For nearly seventy years we have been producing **DEPENDABLE** vegetable seeds in wholesale quantities for the trade. During all this time it has been our aim by careful selection or by hybridization to develop foundation stocks of outstanding merit. By single plant propagation through generations of individual cultures we have developed pedigreed strains of new types and improved existing varieties.

PERSONNEL

The entire process of our seed production is in the hands of our own organization of expert seedsmen who follow with vigilance the operations of planting, breeding ground and field inspection, selection and rogueing, through harvesting and threshing and on into the warehouses where milling and handpicking are done and the finished product is packaged for distribution.

MECHANICAL EQUIPMENT Our twelve warehouses are designed for efficient operation and are equipped with the latest type of machinery for milling, handpicking and testing the various kinds of seeds. Every mechanical means is employed to minimize the chance of mixtures.

BEANS		
<p>Through careful selection and intensive breeding we are producing an increasing number of completely stringless strains. The older, coarser varieties of Beans are being gradually replaced by these choicer, more tender sorts. Our main objective, however, is by these same means to maintain stocks of the standard popular sorts of proven merit, of such purity as to serve the needs of the discriminating planter in a uniformly satisfactory manner.</p>

SWEET CORN		
Connecticut Grown		
<p>Sweet Corn has been a "Leader" with us for sixty years, during which time we have originated many of the best known varieties. Soil and climatic conditions conspire to place Connecticut grown Sweet Corn in a class by itself. Corn grown here matures earlier than western grown seed of the same varieties and produces kernels of greater sweetness and of less noticeable hull.</p>

ONION		
Connecticut quality at California prices !		
The outstanding depth of color, the tough clinging skins with consequent exceptional keeping quality, and the uniformity in trueness to type-shape are factors which make our selected stocks superior. Planting stocks in California are renewed each year from breeding ground stocks produced on our Milford, Connecticut, seed farms.

CONTRACT ORDER AND AGREEMENT FOR THE SEASON OF 192.....

This agreement, made in duplicate, this day of 192..... between The Everett B. Clark Seed Co. (a corporation) of Milford, Connecticut, party of the first part, hereinafter called the Seller, and

.....
of
party of the second part, hereinafter called the Purchaser, Witnesseth:—

1. The Seller agrees to sell and deliver and the Purchaser agrees to accept and pay for the varieties of seeds, in the amounts, at the prices, and subject to the terms and conditions hereinafter set forth.

2. The Seller agrees to plant, or cause to be planted, during the season of 192..... an acreage of land, which will produce, under normal conditions, an amount of seed of the varieties hereinafter named, which, together with the amounts of such varieties of seeds previously grown by, or for, the Seller, and now on hand, will be sufficient to enable the Seller to deliver the quantities of the said varieties herein contracted for, and the Seller agrees to deliver said seeds in good merchantable condition and of good germinating quality on or about 192..... or, when, after harvest time, they are ready for delivery, F. O. B., containers extra at cost.

3. It is agreed that in case of partial or total failure of any or all crops planted or caused to be planted by the Seller for the purpose of producing the varieties of seeds herein named, or, in case of damage to or destruction of, the Seller's seed stocks, before planting, or to the products of said plantings, or to any seed of the varieties herein named now on hand, through fire, accident or otherwise, the Seller shall be obligated to deliver proportional quantities only, and in any event the Seller shall have the right to reserve necessary seed stock.

4. Payment by the Purchaser of the purchase price shall be made either net by a sixty days' acceptance or less a discount of $1\frac{1}{2}\%$ if paid in ten days from date of shipment of seeds: PROVIDED, HOWEVER, that if, at any time, the financial condition of the Purchaser becomes unsatisfactory to the Seller, the Purchaser agrees, upon receipt of written notice to that effect, and upon demand by the Seller, to pay for the seeds forthwith in advance of delivery, less a cash discount of one-half of one per cent. per month from date payment is made to the first day of March next following. In the event that such payment is not made within ten days from the receipt of such demand for payment, the Seller shall have the right to cancel this contract.

5. This agreement, unless signed by one of its executive officers, shall not be binding upon the Seller until confirmed by its home office at Milford, Connecticut.

6. The Seller gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants it sends out, and will not be responsible for the crop.
